Why Me – For Recruit

I'm someone who genuinely enjoys both tech and connecting with people, so I'm drawn to roles where I can use my technical skills while also working closely with others. I really appreciate companies whether remote or in-person,that are growing fast, value innovation, and encourage teamwork. I'm always eager to learn, explore new platforms like Business development, IT sales, Manager etc, and contribute with curiosity, commitment, and a positive mindset.
